## GENERAL INFORMATION & SALE NOTES

### METHOD OF SALE:

All sheep will be sold in guineas and in catalogue order unless any alteration is authorized and announced by the Auctioneers.

### PEDIGREE CERTIFICATES

Please note that entries in the catalogue are made on the understanding that all exhibitors have submitted their Pedigree Certificates, prior to sale. Any sheep presented for inspection without its certificate will not be allowed to be offered for sale in its class.

### TAY-SACHS

The Jacob Sheep Society runs a scheme whereby sheep are voluntarily tested for a Tay-Sachs marker gene by LGC Laboratories. Animals which have been DNA tested as Tay Sachs clear, have (TSC) added to their registration numbers. Animals with two (TSC) parents have the annotation (~) added to their registration numbers, indicating that they are 'bred Tay Sachs Clear.'

### INSPECTION

All registered sheep entered and forward at any show and sale must be inspected to ensure their ear tag numbers tally with the catalogue and that they comply with the Society's breed standard. Any sheep failed by the inspectors will be excluded from the show, but may, if the owners wish be sold at the end of the sale provided the Auctioneer announces that the sheep has failed the inspection. Should there be any slight faults with older sheep that the inspectors wish to pass, the vendor will be informed and told that the Auctioneer will announce the fault before the sheep is sold. Should the vendor refuse permission for this announcement the sheep will fail its inspection. The inspector's decision will be final.

*The Jacob Sheep Society, its officers, trustees and servants, shall not be held responsible for any accident, damage or loss however caused. Anyone attending a sale or other event held by or on behalf of the Jacob Sheep Society shall indemnify the Society from and against all actions, suits, expenses and claims on account of or in respect of any such damage or injury which may be so caused.*

**Any sheep that are sold for export to Southern Ireland must remain in isolation for 30-60 days (ewes 30 & rams 60) on the sellers premises after the sale. There will be an additional £35 charge added on the day of sale to each sheep sold for export to cover costs for the export certificate and blood tests required. Sheep in isolation are the owners responsibility.**
